ACTION		OWNER
1.0	<u>Introductions and Apologies</u>	SH
1.1	Initial introductions were undertaken. Gurkeerat Kahai introduced as the Sustainability Lead for the team	
1.2	SH confirmed that a local school visit was planned on the 04 th July, principally focused on the Engineering aspects of the project	
1.3	Project Progress presentation was delivered by SH with an overview of the last meeting. Explaining the current set up of the project and lookahead of works.	NOTE
2.0	<u>Community liaison and engagement</u>	
2.1	The 5 th edition of Newsletter has been distributed. (Note this is a monthly requirement). PMN – The 6th edition has been drafted and is ready for distribution - by StreetPR an external distribution company engaged by TSL	TSL
2.2	JT confirmed that the Sustainability Plan was being developed by James and his team on site	TSL
2.3	JT confirmed that TSL were endeavouring to secure local labour and materials where possible.	TSL
2.4	He confirmed also that TSL's on-site concrete batching plan was significantly reducing the number of Wagons needed on the roads and	

- therefore reducing CO2 emissions from site significantly. In addition, he confirmed that TSL had managed to secure
- 2.5 'Green Steel' for all the floor mesh used within the Concrete floors within the building. NOTE
- 2.6 JT stated that TSL are keen to engage with Local Charities and develop relationships with during our build phase. He asked for specific charities that TSL could/should approach.
PH suggested contact be made with Godfrey Robinson House – persons with Disabilities. Possible trip for residents suggested.
Welton House – Trinity House also mentioned. Further details required
MC suggested that there was a need to establish a Youth Club within North Ferriby. They would be looking to receive donations to purchase equipment.
TSL offer Green Skills to local businesses – comprising educational workshops to SME's.
It was confirmed that Ron Deering School had been contacted by TSL also, but no response received to date NOTE
- 2.7 TSL/AMZ agreed to look at what support they could offer to the local charities TSL/AMZ
- 2.8 It was confirmed that TSL had invited Engineering Students from Withernsea School on 04th July to visit site to discuss the project and provide a presentation on the merits of working within the Construction Industry. NOTE
- 2.9 TSL confirmed that they were aware of only 2 complaints in the month from local residents. Those being: NOTE
1. Concern re cleanliness of Highways –
TSL Sweeper Hire company had a driver call in sick one morning in the period. This resulted in an accumulation of debris on the Highway during that morning. A replacement driver was dispatched to site and the accumulated mud was cleaned up within the day. NOTE
 2. MC raised an issue on the 02/07 re a Deer being spotted on site. TSL deployed both the security guards, the site management team and checked site CCTV cameras but no evidence of the animal was found. The areas were then checked again later the same day – again no evidence of the animal found NOTE
- 2.10 It was confirmed that the Councillors were aware of further complaints being raised by Residents.

	<ol style="list-style-type: none"> 1. 04th June Melanie Thackray re Noise on projects.hull @tsl.com. SH confirmed nothing received. 2. Jo Haslop (Clerk) lives in the triangle and she complained re noise generated from the site direct to EYRC 3. Another complaint re Dust. Forwarded to Shaun H 4. Ongoing complaints (2no) in period for reverse alarms 5. Dust issues raised at the last meeting. MC emphasised that it wasn't ideal that the data previously evident in the public domain was subsequent removed. MC then stated that SD was noted as advising that the AQ monitoring data should never have been available to the public. DS state that the information was being collated for AMZ use in monitoring TSL's operations on site. 	
2.11	TSL agreed to investigate what appear to be issues with the Project mailing list and agreed to liaise with AMZ prior to issuance of responses to.	
		TSL/AMZ
2.12	Mike raised concerns re Acoustic Fence not being built within 6-7 months of a 2 year build. TSL again reconfirmed that the Acoustic fence install had been expedited by them and that it was anticipated it would be complete by the end of August	
		TSL
3.0	<u>Safety, Health & the Environment</u>	
3.1	TSL updated during the meeting that over 100,000 person hours had been completed with no incidents to date. It was confirmed that AMZ continually monitor TSL's on site EHS and that the site was deemed to be well managed	NOTE
3.2	The project initial CCS shore 41/45 was shared and received well. The Main works had been registered as well and a further inspection was awaited.	NOTE
3.3	Road Sweeper remains in attendance together with small Diesel powered jet wash units at the site entrance. TSL confirmed they were pushing to get the internal access roads/tarmac completed ASAP to further mitigate against mud/debris leaving site	TSL
3.4	MA enquired where the maintenance access to open space would be. JS stated that a gate was provided in the non-acoustic portion of the fence to the SE corner.	NOTE

3.5 TSL confirmed that all the Cut/Fill Earthworks operation was complete, and that Piling was due to complete this week. TSL also noted that they were pushing completion of external hard finishes to minimise the potential for dust to be generated during the works. Damping down was being undertaken continuously to control same. NOTE

4.00 Date of the Next Meeting

Date of the Next meeting confirmed as 2pm on the 6th August 2024 held in the TSL site offices. ALL
