

# Learn to be a lifesaver!

## Book A FREE 1hr session

**Thanks to funding from the City Health Care Partnership (Foundation) North Ferriby Walking Football Club have arranged Defibrillator training for 36 places at the North Ferriby FC Clubhouse.**

Defibrillators are located in community areas all around the country and thanks to Les Hare, North Ferriby FC chairman, there are two located in the Dransfield Stadium and a further device at the neighbouring North Ferriby Cricket Club. Understanding the practicalities of the equipment could literally save your life and the lives of family and friends.

North Ferriby Walking Football would like to pass on sincere thanks to the CHCP for awarding the funding which provides a fantastic opportunity for training to be made available so people know what to do in a worst-case scenario.

Three training sessions will be delivered by local company [www.pulserategroup.co.uk](http://www.pulserategroup.co.uk) and will take place in the NFFC Club House, Dransfield Stadium HU14 3AB on:

**9th August 2022 at 11:00 am**

**6th September 2022 at 6:00 pm**

**4th October 2022 at 11:00 am**

Each session lasts a maximum of 60 minutes.

**Places are free and open to all.**

To book a session or to get more information, call or text, Mark Leighton, on
